

HOUSTON HASH HOUSE HARRIERS

250TH. RUN JUNE 23 & 24 1984

Hear ye, hear ye, come one, come all to the Houston Hash House Harrier's 1/4 millennium run (better known as the 250th). A spectacle for all ages, an extravaganza of running, drinking and song. Yes, you too my friend can be among the choosen few that have the courage and fortitude to withstand an entire weekend of unbridled Hash merriment and excess in the wilds of Tomball.

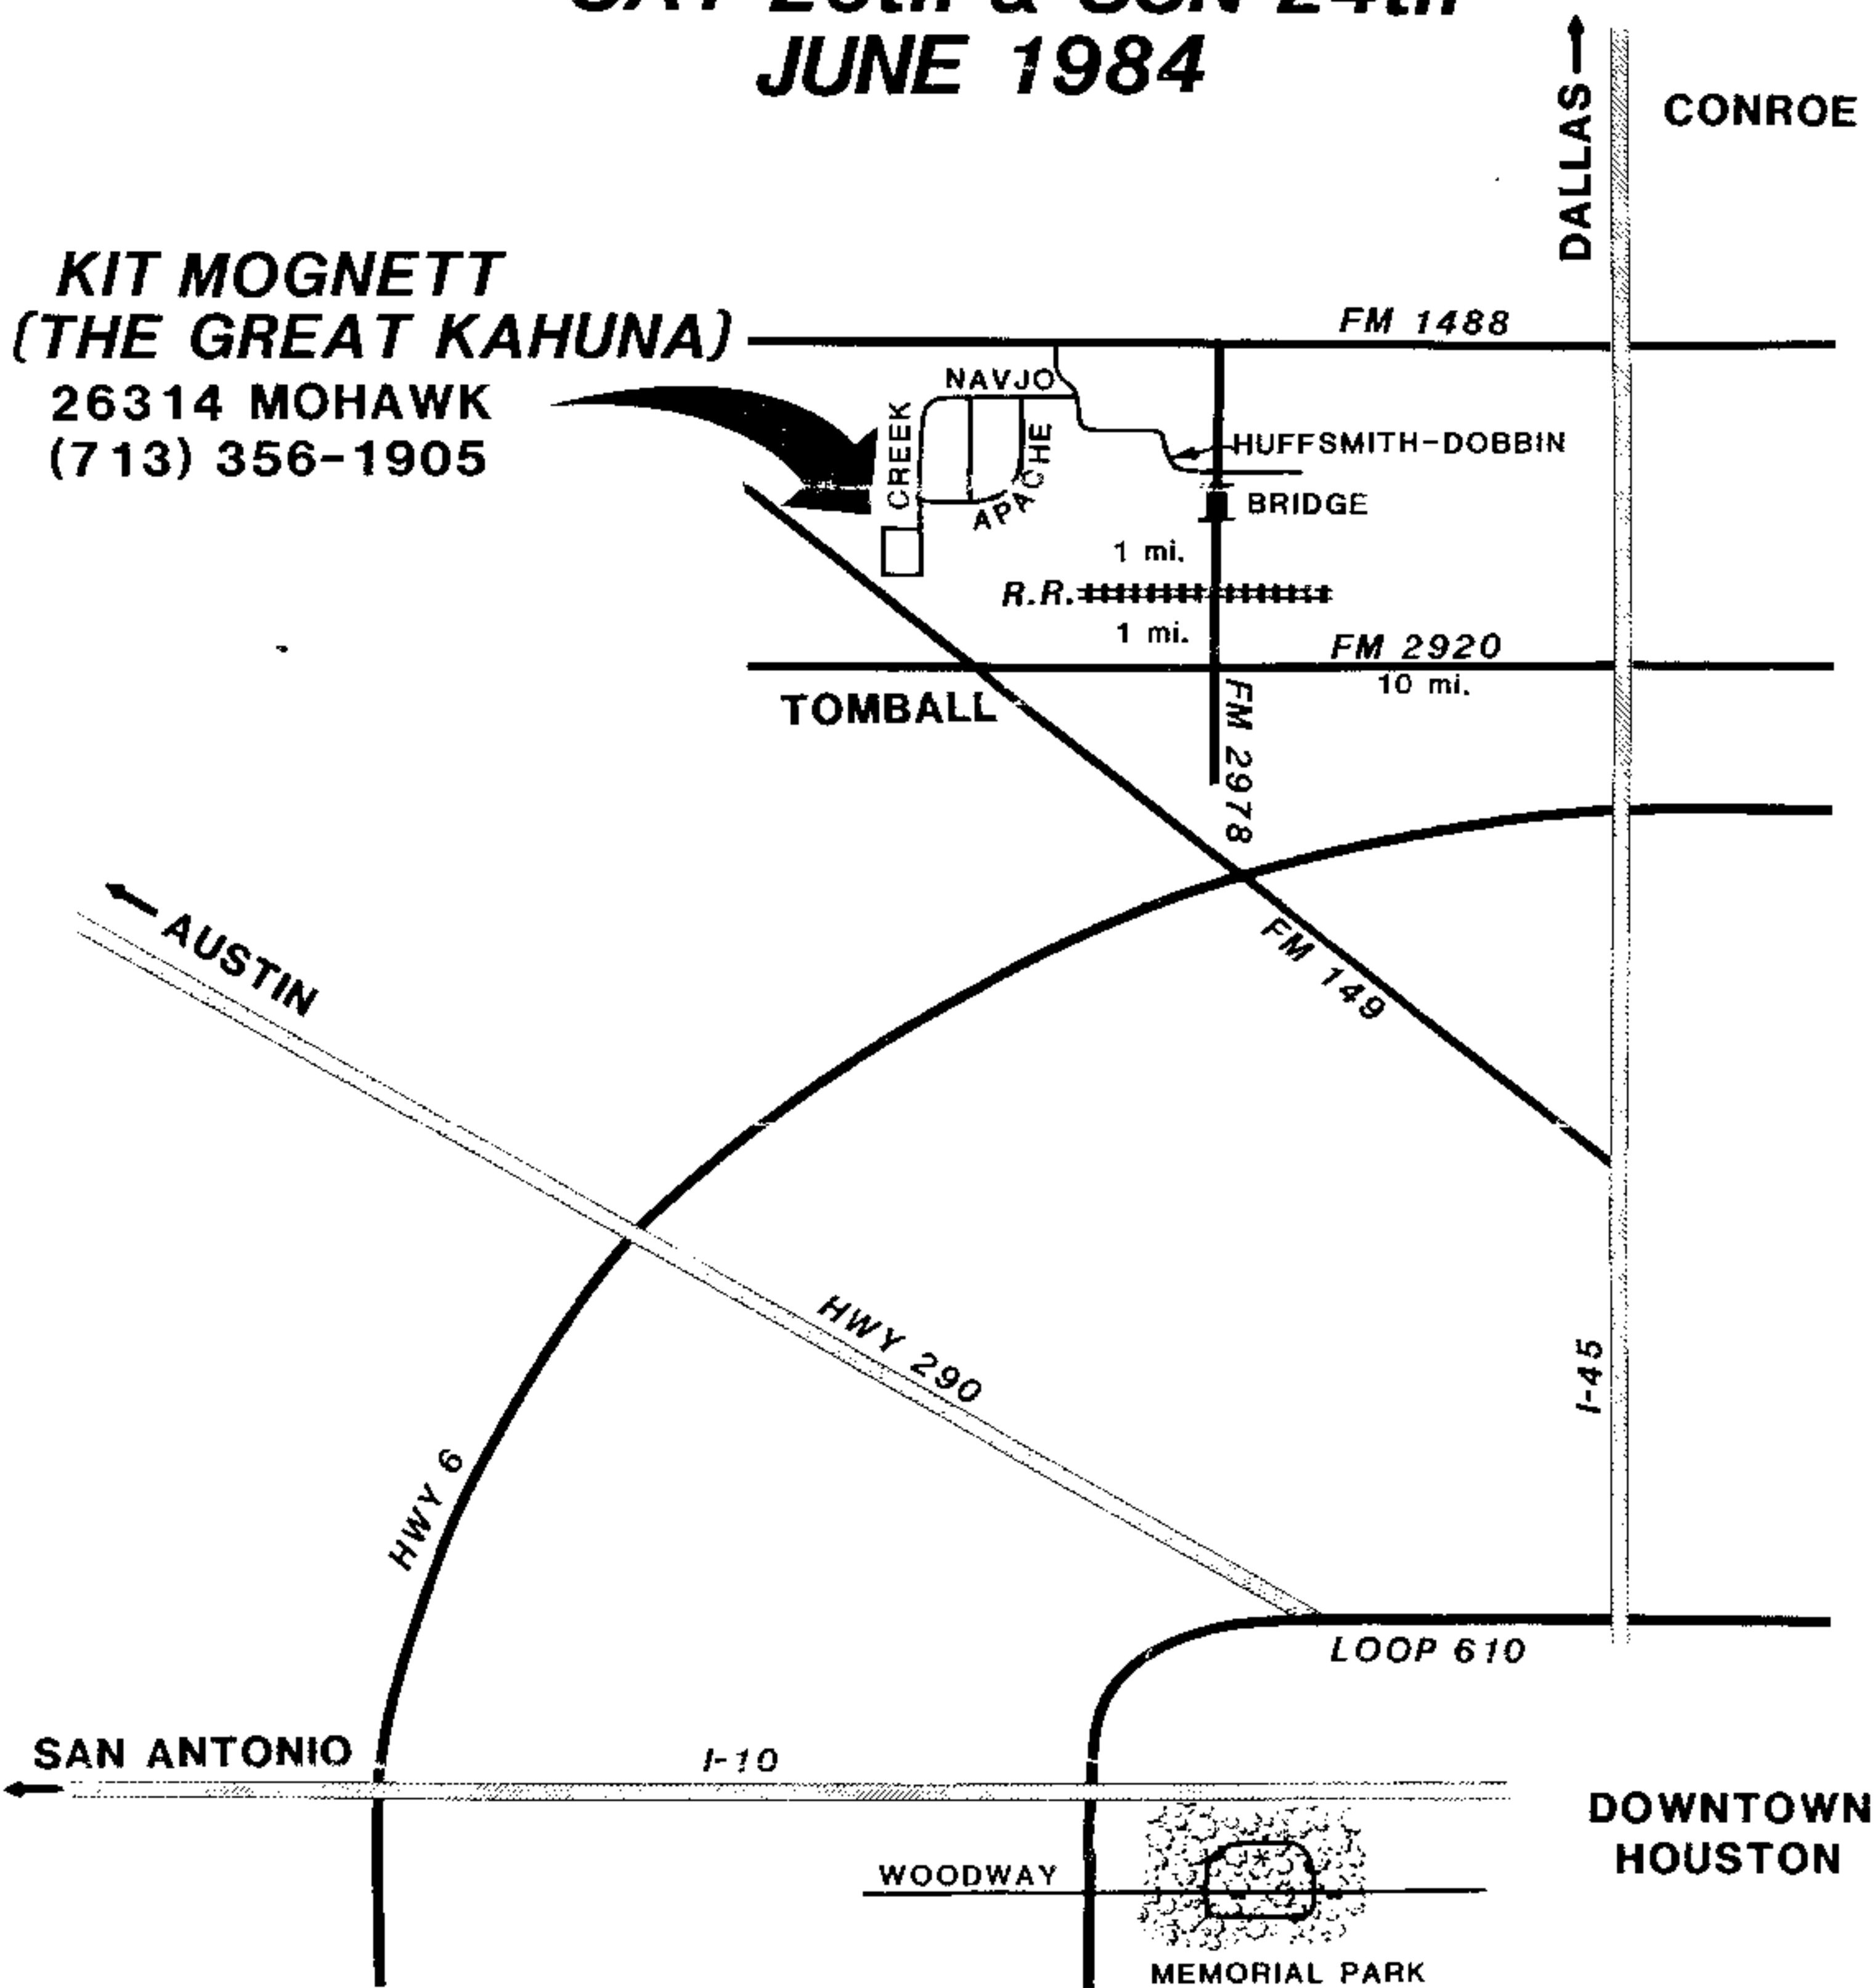

If you are longing for exotic adventure, romance, the lurer of far away Lands, forget all that shit and come out to the Hash instead. See first hand such marvels as wrong way "Geek" in action, a stirring rendition of "Old McDonald" by the massed voices of the Hash glee club, "Drummer Bill" do his impersonation of Gypsy Rose Lee, and the gala festival of the annual virgin sacrifice to the fierce fire ants. (The reason the ants are so fierce is that they have not been fed for the last three years, so for gods sake! If you know a virgin bring her along.)

If the above mentioned activities are not sufficient to set your heart a flutter and have you chomping at the bit to rush out to Tomball on June 23, then how about if we throw in Bar-be-que, beer, swimming pool, movies, horse shoes, volley ball, darts and some more typical hash contests.
