Unlimited bandwidth, punitive damages, tee time, Bill Clements,,,

Now that I have the attention of the engineers, lawyers, doctors, and teachers out there,,,

What a muddy farce! If you haven't heard by now, the new mismanagement, NOTA, was disqualified by Hash Monarchs, Geek and Great Kahuna, Tsarina Bayou Beaver installed a puppet regime consisting of Lick-s His Own Blue Balls, Generics Rock Star and Butt Wipe, and Doubly Pure Team Sex. **As** we've always feared, your votes **ARE** counted, (My proof: Outgoing mismanagement was seen taking off their shoes and socks, and I heard Bunnyballs **mutter, "seventy-leven."**) So that should answer that eternal question, "Mommy, where does mismanagement come from?"

New JM, Lick's His Own Blue Balls, pleaded for space to sum up his hallucination for the upcoming year: "The buy word for 1990-91 is Vaseline,"

In the "**is** the sun setting or rising? department" this question comes to mind: Is the fact that old mismanagement had to prevail upon emergency hares, to be considered the only logical denouement to their tenure or does it augur ominously for the new scapegoats? Only Stephen King knows,,,

Now that I have so skillfully directed your attention to the run (our raison d-etre, you know), here's the 'run' down:

We went left, we went right, we laughed, we cried.,.

An A to B trail it was, from Hutchinson Park to Denver Harbor Park No. 2. I don't know how long emergency hares, Choo-Choo & Cute had to prepare for this run, but it was a suitable run for the temperature, if a little heavy on the tarmac. Road runs are needed if for no other reason to give hash rash a time to heal (to everything there is a season, turn, turn, turn). What must be admitted to be one of Choo-Choo-s weaker efforts, still rises to garner average ratings over all. It was a mercifully short run, complemented by a mercifully long On-ON--bolstered by three kegs. As interim ON-Sec, NOTAR reported last week, we headed first to a bayou, where we found a bridge over troubled water. (Who says chivalry is dead, Dickhead didn't even use his cloak.) And there were some roads and Choo-Choo twacks, and a waa-waa check..(Oops, sorry, too much Fischer-Price music)..the hares claim it was virgin territory, but hey, Denver Harbor area! Only in Half Moon-s dreams. And we headed through a copse of trees to TBA park.

Your aspiring, inspiring, and perspiring On Sec,
